ANCONA

ANCONA

The Ancona collection celebrates the quiet beauty of natural materials and refined surfaces. Inspired by plaster, travertine, and raw stone effects, it brings depth and authenticity into your home. Sun-washed tones and tactile finishes evoke the charm of Mediterranean coastal architecture and hand-crafted design. A delicate blossom motif, enhanced with subtle shimmering accents, adds a soft, luminous touch-like morning dew catching the light.

Ancona effortlessly blends raw nature with gentle refinement and Mediterranean ease, creating a harmonious and inviting atmosphere.

TRAVERTINE

Travertine brings the timeless elegance of natural stone into any interior space. Inspired by the unique textures and warm, earthy tones of nature, it creates a sophisticated and calming atmosphere. The subtle pattern and organic look make it a perfect choice for modern, Mediterranean-style wallcoverings.

PLASTER

The timeless design impresses with its natural textures and authentic sense of depth. The fine, irregular surfaces resemble real plaster, giving the room a lively yet calm atmosphere. Whether used on its own or as a coordinating plain alongside expressive designs, it can be applied in many ways – from a bold industrial style to a more subtle, understated interior.

MORNING BLOSSOM

This elegant wallpaper design reveals layers of delicate blossoms, unfolding like a quiet and graceful composition of nature. The floral motif adds a sense of depth, while the sophisticated embossing gives it a remarkably realistic appearance. Soft color tones and a subtle, partial sheen evoke the shimmer of morning dew, lending the design a serene, luminous elegance that softly enriches any space.

OLD TEXTURE

A bold, expressive design inspired by weathered walls and aged surfaces. Layers of cool greys and soft mineral tones are enriched with warm rust and ochre accents, creating a striking interplay of color and texture. The distressed, patinated effect evokes the beauty of timeworn materials, adding depth and character. Perfect for creating an urban, industrial atmosphere with a refined, artistic edge.

SAND PLAIN

A calm, understated design inspired by the soft, organic texture of sand. Layered tonal variations in warm beige, soft taupe, and muted earth hues add depth without overwhelming the space. The natural palette evokes a grounded, tranquil atmosphere, bringing warmth and quiet sophistication to any interior. Refined in its simplicity, this plain pairs effortlessly with the bolder patterns and textures in the collection making it a versatile and harmonious companion.

RAW GEOMETRY

A textured design inspired by natural plaster and sun-worn surfaces. Fine vertical and horizontal striations create a subtle rhythm, while layered, handcrafted effects add depth and an organic, tactile quality. The warm palette of beige and muted earth tones enhances its natural but expressive character.
